

Home Visits

Home Visits are for patients that are housebound and are physically unable to leave their home.

HOME VISITS

Patients requesting a home visit will have a telephone triage consultation with a clinician first, if a home visit is required they will arrange this with the Home Visiting Service.

Women's Health Clinics

Our Female Nurse Practitioner, Tara offers Women's Health Clinics, providing appointments twice a week. These are bookable online, or speak to the reception.

First Contact Physiotherapist (FCP)

An FCP is a registered professional who provides advice and treatment in relation to musculoskeletal issues such as back, neck and joint pain. Our FCP's offer clinics twice a week. These are not bookable online so please call or speak to the reception
